Thro'

(THE DEPUTY COMMISSIONER, KOLAR DISTRICT).

I have the honour to forward herewith the file of correspondence ending with the Bowringpet Taluk Board President's No. 558 dated the 5th January 1926, in the matter of giving two more water taps to the old Bethamangala village and to state that an estimate amounting to Rs.1867/- for giving two taps was sanctioned in May 1923; but the work was closed with an outlay of Rs.1473/- resulting in a savings of Rs. 394/-. The cost of the sanctioned estimate was apportioned equally between the Taluk Board and "30 Grants for public improvements" and the Taluk Board have paid their share of Rs. 933-8-0.

2. The estimate for giving two more taps comes to Rs.446/- and the additional amount required deducting the savings of Rs. 394/- from the former estimate is only Rs.52/-. But the Executive Engineer, Water Supply Division, is not agreeable to give the benefit of utilising the Government share of savings amounting to Rs.197/- from the former estimate to this work.

3. The extra grant required for this work amounting to Rs.52/- is requested to be borne in equal shares as formerly and the Taluk Board are agreeable to pay their share of Rs.26. They pray for an equal amount from Government.

4. The subject was discussed by the Board in the meeting held

held on the 27th instant and they are of opinion that the taps are necessary and that the Government may be pleased to sanction half the estimated cost.

Copy of their resolution is enclosed.

5. I request you to be so good as to obtain the sanction of Government to the proposal of the Taluk Board to share the cost equally.

I have the honour to be,
